

Dear Patients and Friends,

After 50 wonderful years of practicing holistic dentistry, at the end of June the time has come for me to retire from clinical practice.

This decision comes with deep gratitude and reflection. It has been one of the greatest honors of my life to care for generations of families, to build lasting relationships, and to walk alongside so many of you in your journeys toward health and wellness. What began as a profession became a lifelong calling rooted in trust, compassion, and the belief that oral health is deeply connected to overall well-being.

Over these five decades, I have witnessed tremendous changes in dentistry, but one thing has remained constant: the privilege of serving this community. I am sincerely thankful for the confidence you placed in me and for allowing me to be a part of your lives through the years.

Practicing holistic dentistry has always meant looking beyond teeth alone — treating each patient as a whole person and emphasizing prevention, education, and wellness. I am proud of the care we have provided and grateful for the many friendships formed along the way.

I would also like to recognize and thank my dedicated staff, past and present, whose professionalism, kindness, and commitment made this practice feel like family. Their support and care for our patients have meant more than words can express.

As I step into retirement, I look forward to spending more time with family, pursuing personal interests, and embracing a slower pace of life. While I will miss the daily interactions and meaningful connections with patients, I leave with a full heart and immense appreciation.

Thank you for your loyalty, trust, and friendship throughout these 50 years. It has truly been a privilege to serve you.

With sincere gratitude,
